PROJECT WORKFLOW

How work actually moves through the studio, stage by stage.

01
CLIENT & CREATIVE BRIEF

Understand the ask, shape the vision, and set the budget & timeline together.

- **Sama**
  Creative direction & client relationship
- **Sara M.**
  Budget, timeline & feasibility

02
DESIGN DEVELOPMENT

Turn the brief into visual and spatial design — 2D and 3D in lockstep.

- **Nadine**
  Visual identity & 2D design
- **Sohila**
  Art direction & spatial/3D design
- **→ Hamdy**
  Spatial/3D execution

03
DELIVERY & PRODUCTION

Fabricate, coordinate, and execute on-site until the project is handed over.

- **Sara M.**
  Delivery ownership & quality review
- **Mai**
  Production, fabrication & site execution
- **Production Intern**
  Site & supplier support (open role)

04
COMMUNICATION

Share the work with the world — documentation, content & storytelling.

- **Mariam**
  Content, social media & documentation — reports to Nadine

***Mariam documents throughout every stage in parallel — Communication is where that work is packaged and shared externally, not the only point she's involved**

**** Sara M. contributes to vision development, She's bridge between concept and delivery.***

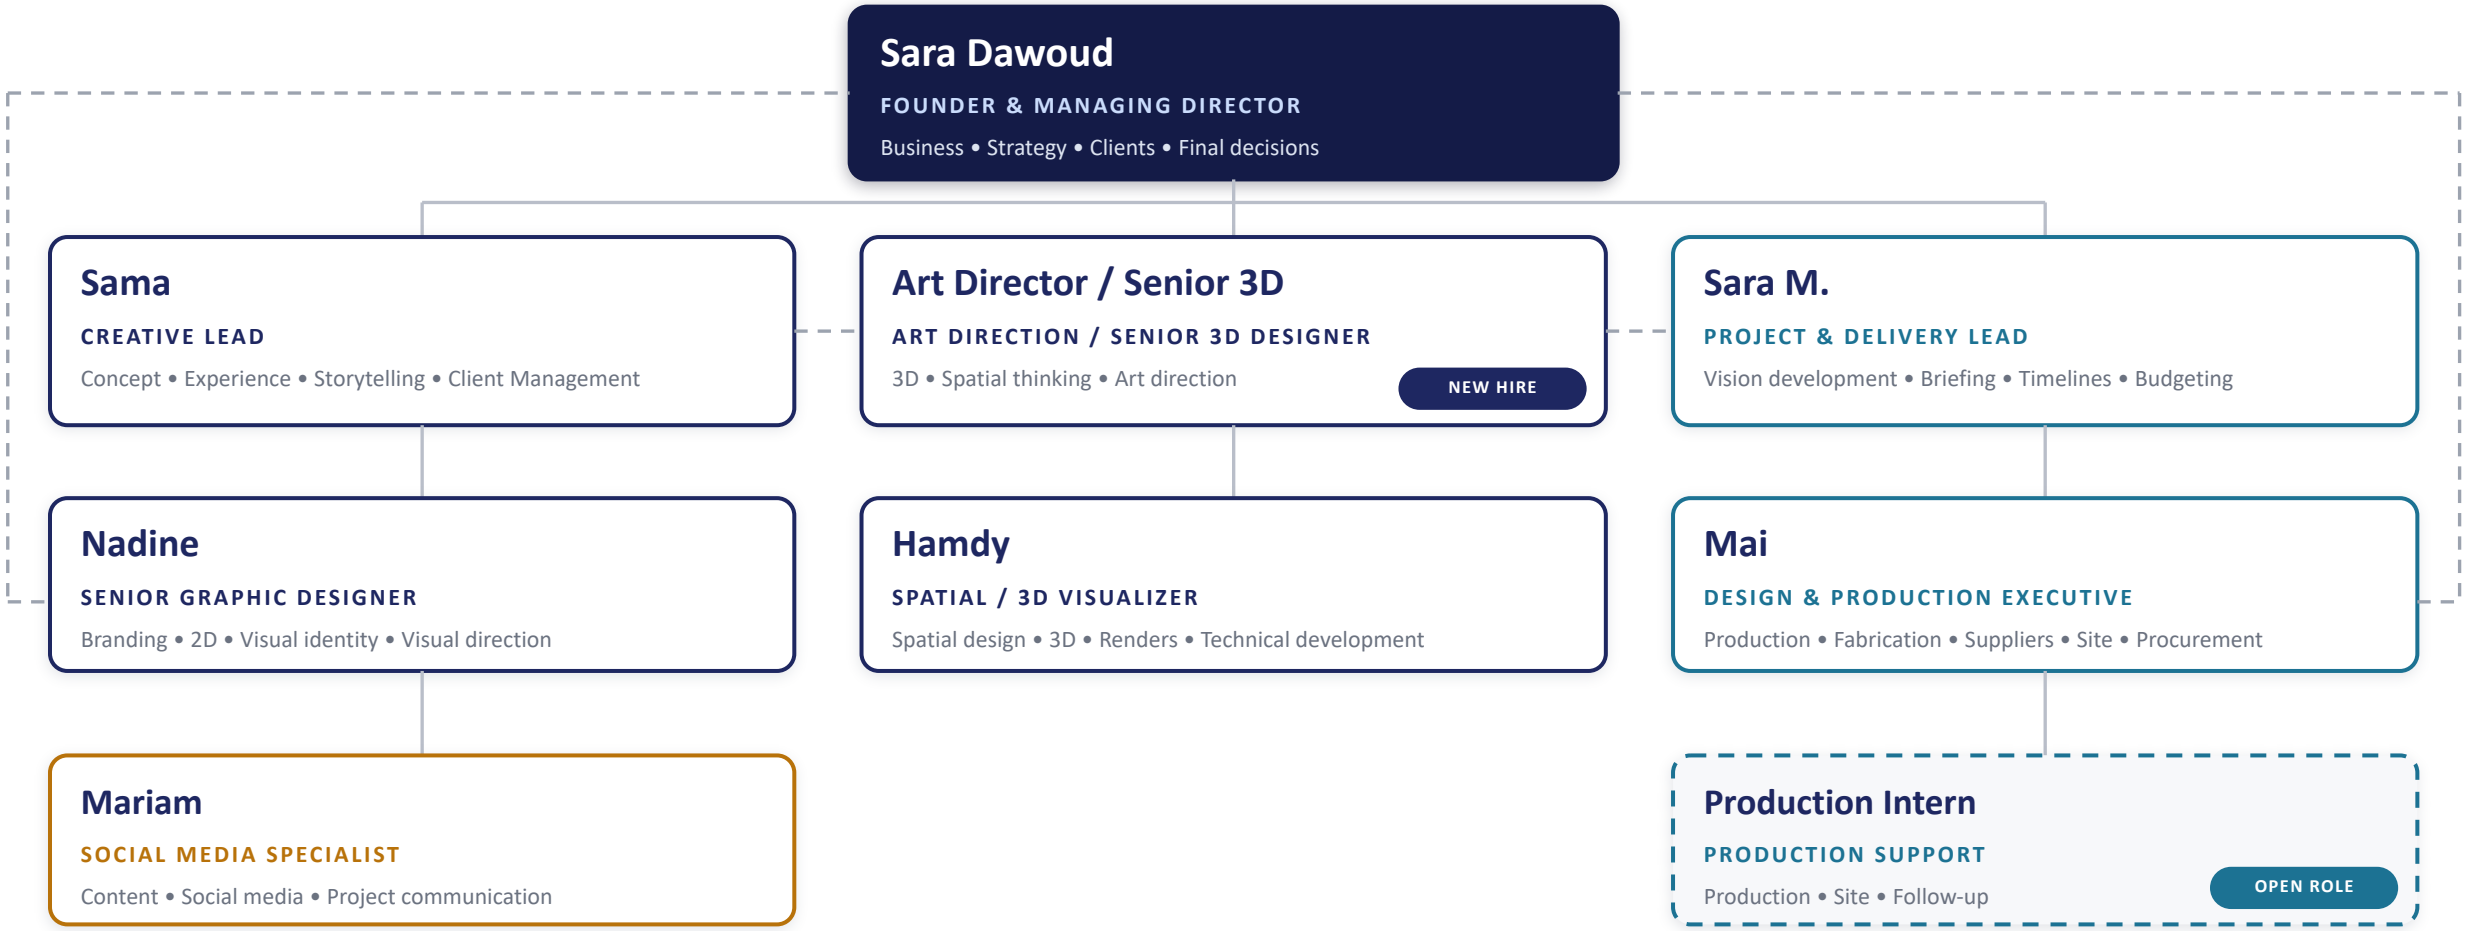

ONE PROJECT LEAD · ONE CREATIVE DIRECTION · CLEAR HANDOVERS · NO STEP MOVES FORWARD WITHOUT ALIGNMENT

OPERATING STRUCTURE

Vision & Design · Project & Delivery · Communication

A multidisciplinary team built around three connected functions — vision, delivery, and communication.

Dotted-line / collaboration

***Sara Dawoud contributes to initial Art direction alongside Nadine.** **Mariam her work runs in parallel across every project stage.**

EVERYONE HAS A LANE · PROJECTS MOVE ACROSS LANES · OWNERSHIP IS CLEAR AT EVERY HANDOVER
